With our FLH transmission gasket surface cleaned and our new oil pan hardware prepped with blue Loctite, we are ready to start replacing an oil pan with Baker's 1.5 oil pan assembly. As we've noted before; it is not at all necessary to remove the rear wheel, or primary drive assembly when replacing an oil pan.

Replacing an Oil Pan On a Harley | Fix My Hog

That's why we have a broad inventory of Harley gaskets and Harley seals to keep every nook and cranny of your engine, drivetrain and exhaust system leak-free. The metal parts in your bike rarely have the flexibility to hold a reliable seal on their own, and these simple, inexpensive gaskets are the key to any trouble-free outing.
