accounting records. For a business, all the relevant financial information, presented in a structured manner and in a form easy to understand, are called the financial statements. They typically include three basic financial statements: 1. The Profit & Loss (Income Statement) 2. The Balance Sheet 3. Statement of Cash-Flows

General Accounting Policy and Procedures Manual and ...

The general journal was more visible in the days of manual record keeping. With nearly everyone now using accounting software to record their accounting transactions, it is not so readily apparent. Instead, the software makes it appear as though all transactions center around the general ledger, with no specialty journals in use at all.
