Honda 190 Engine Repair

I found a new looking pressure washer on the side of the road the other day so I snagged it. Got to looking at it today and discovered the key on the shaft that drives the pump must have worked its way up and wiped the shaft seal. I'd love to fix it. The motor still runs, but only if the choke is closed all the way. I cleaned out the carb 3 or 4 different times thinking that was the problem ...
