Bring the original lovable Star Wars droid to life with the Star Wars Smart R2-D2. This is a programmable and interactive toy droid that will respond to your voice, your hand movements, and your favorite music. Plus, you can use a free app to control R2-D2's movements and actions. Without the app, there are three modes of play, and you turn the knob on the front of the droid to switch between ...

Test your memory skills like in the classic game of Simon but don't touch with the new Simon Air. This is a touch-free version of Simon. The game unit recognizes when a player follows the color sequence by sensing his motions. There are modes for solo and two-player play so you can challenge yourself or a friend.
