Sand Filters are large pool filters that use sand to filter your water. They are the most common type of pool filters and cost less to operate than D.E. or Cartridge Filters.

### **Sand Filters - lesliespool.com**

Swimming pools are the ultimate in entertainment and relaxation, but take a backstage when the water is cloudy or green. Swimming pool filters do the heavy lifting by removing particles down to very small sizes, which improves the efficacy of your sanitizer, and helps to keep pool water balanced, too.
