Hesston 4910 baler question - posted in Machinery: We are having problems with the pressure reading on the monitor of one of our hesston big balers. While baling side by side next to our other baler of the same model and baling under the same conditions this one has a completely different reading on the pressure. It always reads lower. For example one baler displays a pressure of 1400 lbs ...

Applicator Troubleshooting - Harvest Tec

A baler, most often called a hay baler is a piece of farm machinery used to compress a cut and raked crop (such as hay, cotton, flax straw, salt marsh hay, or silage) into compact bales that are easy to handle, transport, and store. Often, bales are configured to dry and preserve some intrinsic (e.g. the nutritional) value of the plants bundled. Several different types of balers are commonly ...

How Current Square Balers Compare - posted in Machinery: The topics below have gotten me started looking at new (or at least newer) small square balers. I guess I was looking at JD, NH, & Hesston (MF) models. Since I put a little money in it last year & the knotters are now solid, I will probably try to limp through another year using the old NH 273.
