Harley Davidson Engine Temperature - Thank you for downloading harley davidson engine temperature. Maybe you have knowledge that, people have search numerous times for their chosen readings like this harley davidson engine temperature, but end up in infectious downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they juggled with some malicious bugs inside their computer.

harley davidson engine temperature is available in our digital library an online access to it is set as public so you can get it instantly.

Our book servers saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the harley davidson engine temperature is universally compatible with any devices to read

Harley Davidson Engine Temperature

I was posting to someone else's thread in the "General" section of this forum about engine temp on my 2014 Superlow 1200T. He said his FP3 showed an engine temp of 133° I said my FP3 showed my engine temp of 384° yesterday after riding for around an hour in 75° ambient temp.

Normal Hot Engine Temp? - Harley Davidson Forums: Harley ...

If it's the engine temperature sensor, it is easy to replace and takes about 15 minutes. You'll need a deep 3/4" socket for the sensor and a 1/2" socket to remove the horn. Remove the horn and carefully let it dangle, if you don't want to unplug it. Next, pull up the boot covering the sensor wiring.

engine temp sensor - Harley Davidson Forums

Engine Operating Temperature. On the highway cruising at a set speed around 230-240 from what I have seen on my friends bike but in traffic I have seen his oil temp gauge hit 290. Thank god for synthetic oil. If you see oil temps hit 300 shut the bike off if it doesn't go into limp mode.

Engine Operating Temperature - Harley Davidson Forums

Actual engine temp with the bike running measured in the heads (Where the new temp sensor is located on the Sportster which gives a higher reading than on big twins because of this location) usually gives a running temp in the range of 290-320. Keep in mind that the temp reading on the metric bike comparison was not engine temp but coolant temp.

harley davidson engine temp sensor | eBay

Mine has very good flowing heads on it and on a day like today at 34 degrees out, my ride in I measured 218 degrees on my front head (80 mph). If I let it sit and idle, the head temp will go very high...350 degrees + given enough time. On 104 degree days, I've seen my front head get to 280 degrees at 80 mph.

Engine temp : V-Twin Forum: Harley Davidson Forums

PODCAST-Are you confused or want the real scoop on the Harley-Davidson Engine Idle Temperature Management System (EITMS). Want to know if your Harley is equipped with it? There is confusing and less than useful information out there, so we broke it down for you in this podcast episode.

Harley Engine Idle Temperature Management System (EITMS)

I also have a Fatboy Lo, last year when I bought it and ran it for 1st 1000 miles the temp would get up to 220 max on the normal oil. I switched to full synthetic and the temp is around 200-210 in 90 degree weather, but it usually runs anywhere from 180(winter) to 210(summer) but it depends on the traffic,...
