Service Literature | Grundfos

Grundfos motors (MGE and MLE excluding: MGE and MLE model H & I[1]) must be disposed according to national and local regulations. This can either be by using a normal recycling process for this kind of product or by returning the product to the manufacturer. Safety Risk.

MGE, MLE, Async motor | Grundfos

The Grundfos MGE motors model H/I/J are the most energy efficient yet. These permanent magnet synchronous motors (PMSM) are designed especially for frequency converter operations and optimised for pump applications and high part-load efficiency. This results in a lower energy and lifecycle costs and meet IE5 according to IEC 60034-30-2.
