### Why Does My Transmission Shift Hard? VIDEO

Ok, just got a 1997 explorer sport (4.0) and was warned it has some shifting issues but not all the time. So yesterday it was shifting fine then all the sudden after i had been driving awhile it was a Bltch to get into first when at a complete stop (stick) so when i got to another stop i tested and it was a bltch going into any gear from a stop, like i had to push really hard to get it to go ...

### Manual transmission issue. It's very difficult shifting ...

transmission. I have 1000 miles on it so far. The tranny is starting to shift hard going from 1-2 and also when you pull away from the stoplight it hesitates a little then the truck will accelerate. This is the first Ford I have ever bought. Is anyone else experiencing this? I will be going to the dealership to have it checked out.

### Transmission shifting hard - Ford F150 Forum

2001 Ford Escape manual transmission, difficult or impossible to shift gears especial first gear. Was told that it could be dry rot in the shift change box then told transmission would have to be changed out although it's not the issue. Goes into all other gears fine and will go into first once its been driven for a minute.

### 2001 Ford Escape manual transmission, difficult or ...

Brought my Ford Ranger that has a manual transmission. I think the clutch was replaced at around 90k. I'm at 189k now. I was driving slowly through the parking garage since it's a low ceiling and my antenna kept hitting the roof. I might have inadvertently rode the clutch too much. Now I can't shift into first or reverse when at a stop.

### Shifting problems with manual transmission - Ford Ranger Forum

A car that is shifting hard can be very unpleasant to drive. Regardless of whether it is an automatic or a manual, a transmission that is not shifting correctly can cause serious problems out on the road and under the hood.
